

Male Doggie Diaper Wrap - Basic Instructions

Lay the diaper flat and place Self-Adhesive Disposable Pad inside of diaper, cut to size if needed, see above. Guide the Doggie Wrap with the pad over the dog's privates and bring diaper up and around dog's waist and fasten Velcro bands on top of the dog, as shown above. Adjust for comfort, snug, but not too tight or too loose.

Replace Disposable Pads as needed, see below for correct diaper size and available quantity packs
